Bible Story

Reach Out, I'll be there

Peter goes to the House of Cornelius

Acts 10

Knowing Jesus changes the way
you see others

The Simple Acts activity is a great one to do as a group! Rather than a group game this week take time to read a book, watch a movie, and / or have a discussion about another culture. Learn about others. If you haven't already check out some resources on talking to your kids about racism.

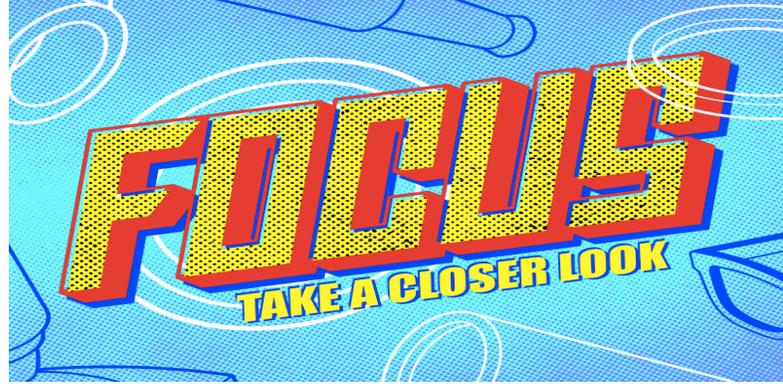

Knowing Jesus changes the way you see others.

**FAITH IS BEING SURE OF
WHAT WE HOPE FOR.
IT IS BEING SURE OF WHAT
WE DO NOT SEE.
HEBREWS 11:1**

Discussion Questions Talk through the following:

- Why do you think it's hard to accept or love those who are different from us?
- How does it make your life better if you show love to someone who is different from you or that you would normally show love to? How does it make their life better?

PRAYER: Dear God, thank you for loving ALL of us so much that you sent Jesus to be our Savior. We know that when we put our trust in you and follow after you, it changes EVERYTHING in our lives, including the way we see other people. Help us to see everyone we meet the way they really are: created by YOU and LOVED by you. Help us to live like Jesus, and to **treat others the way we want to be treated.** we love you. Amen

Activity: Simple Acts

What you'll need: Tissues, plastic cups, water, thick watercolor markers

WHAT YOU DO: Give each person a folded tissue. (If you're using regular-size tissues, instruct kids to fold the tissue in half, horizontally, then fold it into thirds, vertically.) Use a thick watercolor marker to draw a fat line on the tissue, about half an inch from the bottom. Then, flip the tissue over to the other side and repeat the process using the same watercolor marker. Carefully open the tissue and make sure that the ink bled through all of the layers, forming one long line. Then, refold the tissue. Next, give out plastic cups filled about one-third of the way with water. Gradually insert the tissue into the water just to the marker line. Watch as the marker color runs up the tissue. • NOTE: To see a demonstration of this experiment, go to <http://bit.ly/2urepOT> at 3:13 minutes.

WHAT YOU SAY AFTER: "It was amazing how a simple line drawn on the tissue changed how the entire tissue looked! In the same way, **knowing Jesus changes the way you see others.** When you know Jesus and His story, you understand that Jesus is for everyone, not just certain people. God made each and every person on earth, and He sent Jesus for each of those people, too

The Parent Cue App is a FREE app that you can use to bring the message home with you on a daily basis. It allows you to watch the weekly Bible story with your child in the comfort of your own home. This app is available both on the Apple IOS Store and the Google Play Store.
